

CYNGOR BWRDEISTREF SIROL RHONDDA CYNON TAF

(STRYDOEDD AMRYWIOL, CWM CLYDACH)

GORCHYMYN (AMRYWIO, CYFYNGIADAU AROS A CHLIRFFORDD SAFLE BWS) 2023

DATGANIAD O'R RHESYMAU

I ymdrin â cheisiadau yn y gymuned i adolygu gwaharddiadau parcio hanesyddol yng Nghwm Clydach ac i nodi lleoliadau i gael gwared ar waharddiadau mewn modd diogel (llinellau melyn dwbl) er mwyn creu rhagor o lefydd parcio ar y stryd ac i ddatrys problemau parcio a'r pryderon diogelwch ar y ffordd sy'n deillio o'r problemau hynny.

Yn rhan o'r adolygiad, nodwyd yr angen i gynnig gwaharddiadau aros newydd (llinellau melyn dwbl) ar nifer o gyffyrdd i wella gweledd er mwyn sicrhau diogelwch.

Mae angen gosod clirffordd safle bws newydd ar Stryd Howard i wella llif y traffig a darparu lle penodol i fysiau stopio'n ddiogel er lles teithwyr.

Mae angen gwneud gorchymyn rheoleiddio traffig:-

Er mwyn cadw cyfleusterau'r ardal a'u gwella trwy greu llefydd parcio ychwanegol.

Er mwyn hwyluso llif y traffig, lleihau tagfeydd a gwella diogelwch y ffyrdd trwy gyflwyno gwaharddiadau parcio cyfyngedig mewn lleoliadau amrywiol.

Er mwyn osgoi perygl i bobl neu draffig arall sy'n defnyddio'r ffordd ac atal y tebygolrwydd y bydd unrhyw berygl o unrhyw fath yn codi.

RHONDDA CYNON TAFF COUNTY BOROUGH COUNCIL

(VARIOUS STREETS, CLYDACH VALE)

(VARITION, WAITING RESRICTIONS AND BUS STOP CLEARWAY) ORDER 2023

STATEMENT OF REASONS

To address calls in the community to review existing historic parking restrictions in Clydach Vale and to identify locations to safely reduce restrictions (double yellow lines) with a view to increase on street parking availability in the community and to help alleviate problem parking and its associated road safety concerns.

As part of the review, a need to propose nominal new waiting restrictions (double yellow lines) at several junction locations was identified, to improve junction visibility, in the interests of road safety.

A new bus stop clearway on Howard Street to improve traffic flow and provide a dedicated space for buses to pull in safely for passengers.

It is necessary to make a traffic regulation order:-

For preserving and improving the amenities of the area by allowing additional parking.

For facilitating the free flow of traffic, reducing congestion and improving road safety by introducing limited parking restrictions at various junction locations.

For avoiding dangers to persons using and driving on roads and preventing the likelihood of any such danger arising
