

Street Trading Policy

Dated 6th June 2024

1. Introduction

This Policy has been adopted to control street trading and sets out the Council's standards for determining applications for, and enforcement of, street trading activities within Rhondda Cynon Taf. Rhondda Cynon Taf County Borough Council has adopted Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982 to control street trading for the whole of its area. The Act also provides a local authority with a flexible system with which to control itinerant and infrequent street trading.

The policy sets out general requirements and standards that must be met. In exercising its discretion in carrying out its regulatory functions, the council will have regard to this policy document. However, each application or enforcement action will be considered on its own merits.

The purpose of this street trading policy is to provide a decision-making framework for the consideration of applications for street trading consents and to create a street trading environment which is sensitive to the needs of the public, provides diversity and consumer choice, and enhances the character, ambience, and safety of local environments.

On 30th April 2024 Rhondda Cynon Taf County Borough Council, hereafter referred to as the "Licensing Authority" has designated all streets within its boundary as 'Consent Streets' for street trading purposes, barring those listed as 'Prohibited Streets'.

2. Definitions of terms used within this document:-

Street Trading	Street trading is the selling or exposing or offering for sale of any article (including a living thing) for sale in a street.
Street	A street includes a road, footway, beach, or any other area to which the public have access without payment, including private land.
Prohibited Street	If a street is designated as a "prohibited street" then a criminal offence is committed by any person engaging in street trading in that street.
Consent Street	Means a street in which street trading may only be conducted with the expressed consent of the Licensing Authority. Trading without the consent is a criminal offence.
Consent Holder	Means the person or company to whom the consent to trade has been granted by the Licensing Authority.
Static Street Trader	Means trader granted permission by the Licensing Authority to trade from a specified location.
Mobile Trader	Means an itinerant trader who moves from street to street.
Authorised Officer	Is an officer employed by Rhondda Cynon Taf Council to act in accordance with the provisions of the Local Government (Miscellaneous Provisions) Act 1982.

3. Objectives

The Licensing Authority will carry out its functions in respect of controlling street trading activities in its area, to protect the public, by promoting the following objectives (each of which is of equal importance):

- Prevention of crime
- Prevention of public disorder and anti-social behaviour
- Prevention of public nuisance
- Promotion of public safety (Please note this includes public health aspects regarding the prevention of the spread of disease)
- Protection of local amenity

4. Street Trading Consent Required in respect of locations or type of activity.

The type of street trading activities that may require a street trading consent, unless the exemptions/criteria set out in the relevant sections apply, would include:

- a) Trading in any goods and includes hot and cold food, for example burger vans, mobile trolleys / barrows, sandwich sellers, fruit and vegetables, household linens, toys etc.
- b) Trading from fixed static locations: for example, as may be found on industrial estates, trading estates, car parks associated with large retail outlets, pub or club car parks, etc for which no admission charge is made to the public.
- c) Trading at events such as car boot sales where the public have unrestricted access and where there is no charge to the public for admission.
- d) Roadside sales: for example, sale of motor vehicles.
- e) Itinerant/Mobile traders: for example, ice cream and grocery vans.
- f) The Licensing Authority will issue a street trading consent which will be valid for up to 2 weeks, where the application relates to a "Special event" i.e. festival, market or fair. The organiser of the event will need to apply for a street trading consent, that will contain details of all the various stalls and traders that will be part of the event and include all required supporting documentation.

5. Exempt Street Trading Activities

The following street trading activities are legally exempt from the requirement to obtain a consent from the Licensing Authority:

- a) **Pedlar** - A person acting as a pedlar under the authority of a pedlar's certificate granted under the Pedlars Act 1871. A pedlar is someone who travels and trades on foot, going from town to town or house to house selling goods or offering their skills in handicrafts and selling such things as pictures, dusters and household goods. A pedlar must hold a certificate granted by a chief constable. The certificate is valid for one year and applies throughout the United Kingdom. Someone who acts as a pedlar without a certificate commits an offence.

A person legitimately trading under a Pedlar's Certificate from the Police may trade in a street on a limited basis, provided they abide by the following rules:

- A pedlar is a pedestrian
- A pedlar trades whilst travelling rather than travelling to trade
- A pedlar goes to customers rather than allowing them to come to the pedlar
- A pedlar is a seller rather than a mender
- A pedlar must not remain stationary for long periods of time
- A pedlar must not set up a stall and wait for people to approach

Failure to comply with these rules will make the offender liable to prosecution as an illegal street trader. The licensing authority robustly enforces the law relating to illegal street trading and will prosecute illegal street traders attempting to avoid liability by purporting to be a pedlar when not so. Offenders face prosecution and the seizure of their goods.

- b) **'Rounds man'** - denotes a person who follows a set route to attend on specific identifiable customers for the purposes of either taking orders or for the delivery of goods. A small minority of speculative sales to the public are considered to be akin to a genuine rounds man making ancillary immediate sales. Sales patterns that are largely speculative and where only a very small minority of the trade is the fulfilment of direct orders or delivery of pre-ordered items would not be classed as a 'rounds man' and would still require consent. Wholesale delivery vans where transaction with business take place within the business premises and include the fulfilment of regular orders and the promotion of new products and where sales are concluded, and receipts are generated within the business premises would not require consent.
- c) Anything done in a market or fair, the right to hold which was acquired by virtue of a grant (including presumed grant) or acquired or established by an enactment or order.
- d) Trading in a trunk road picnic area provided by the Secretary of State under section 112 of the Highways Act 1980.
- e) Trading as a news vendor, selling newspapers or periodicals.
- f) Trading which:
- (i) is carried on at premises used as a petrol filling station; or
 - (ii) is carried on at premises used as a shop or in a street adjoining premises so used as part of the business or shop.
- (f) Selling things, or offering or exposing them for sale, as a "rounds man. It has been established in law that mobile traders such as ice cream sales will not be deemed to be exempt from street trading controls on the grounds that they are roundsmen. Sandwich sellers operating in the same manner as ice cream vans may not avail themselves of the exemption of operating as a rounds man.

6. Street Trading for which a consent is not required

The following Street Trading activities have been deemed by Rhondda Cynon Taf County Borough Council to not require the consent of the Licensing Authority.

- Charitable, and community type events where vendors are in attendance by prior agreement or permission of the event organiser. Any vendor attending such events without the prior agreement or permission of the event organiser will require a street trading consent issued by the Licensing Authority.
- Trading within the site of Local Authority organised and managed events such as festivals, fairs, and other entertainments that are open to the public. This includes trading at events managed / arranged / controlled by Town Centre Managers. Any vendor attending such events without the prior agreement or permission of the event organiser will require a street trading consent issued by the Local Authority.
- Any market recognised / arranged by the Council. Recognised markets include farmers, craft, and seasonal markets.
- Stalls included within a recognised market under the market charter. Currently there are two markets within this arrangement within the Borough of Rhondda Cynon Taf, these being within Pontypridd and Aberdare town centres. Any other market does not fall under this charter and will require a 'consent' (see further within 6.1)
- Sale of goods by residential occupiers from within the curtilage of their properties or by a person occupying land where a rental agreement is in place (subject to the terms of the rental agreement), where payment of goods does not take place outside of the curtilage of the premises (often referred to as garden gate sales).
- Any sales made in association with premises that hold 'pavement licences' (permission to locate tables and chairs on pavements outside of premises) issued by the Council Highways Department.

6.1 The Market Charter comprises of the following main points:

- Act of Parliament in 1877 and 1977, which provides the rights to hold an Indoor Market six days a week and an outdoor market on a Wednesday, Friday and Saturday.
- The market company has sole rights to operate a market within 3 miles radius of the town centre.
- It has been collectively agreed with the Council that regular markets will only be held on Market Street and Church Street.
- The company does allow some external activities, but these are done through prior agreements.

7. Locations deemed unsuitable for Street Trading

Street Trading Consents from specific locations will not normally be granted where any of the following may apply:

- a) A significant effect on road safety would arise either from the siting of the trading activity, or from customers visiting or leaving the site,
- b) There are concerns over the recorded level of personal injury accidents in the locality where the street trading activity will be sited,
- c) There would be any likelihood of nuisance from noise, light, smells, litter or fumes to households and businesses in the vicinity of the proposed street trading site,
- d) There is a conflict with Traffic Orders such as waiting restrictions,
- e) The site or pitch obstructs pedestrian or vehicular access; traffic flows, and places pedestrians in danger when site is in use for street trading purposes,
- f) The trading unit obstructs the safe passage of users of the footway, right of way, bridleway or carriageway.
- g) The pitch interferes with sight lines for any road users such as at road junctions, or pedestrian crossing facilities,
- h) The site does not allow the Consent Holder, staff and customers to park or access the site either by vehicle or on foot in a safe manner. (For example this includes: where access and egress to/from sites by vehicular or towed trading units would necessitate crossing pedestrianised areas, interrupt the normal traffic flow of a route, be unsafe or cause damage to verges, paving etc. or pedestrians would have to cross busy roads, or stand on the highway to purchase goods, etc.)
- i) The site and its environment are not sufficiently well lit during any hours of the day to allow safe access and egress from the site for both customers and staff.
- j) Street Trading consents will not normally be granted at any time on sites that are within the distances set out below. Determination of the distances will take account of the topography, road layout, access, and egress to and from the trading site and the specified premises/site.
 - 30 metres of any roundabout, road junction or pedestrian crossing.
- k) Street Trading consents will not normally be granted at any time on sites that:
 - Is likely to be an unacceptable impact on residential amenity, access or egress.
 - On any Council owned pay and display or park and ride car parks.
- l) Trading is generally prohibited on all roads with a classified maximum speed in excess of 40 miles per hour. This would include lay-bys, verges, and adjacent land the trader or customers would be required to manoeuvre or stop on the highway to access the trading location. Where an applicant proposes a site on a road with a speed limit in excess of 40 miles an hour but considers that the road layout / facilities would be suitable for a street trading consent, the applicant must submit a detailed explanation/risk assessment in support of their proposed use of the site. Applicants must note that any decision would be subject to compliance with point M below.

- m) Street trading consents will not be granted where the applicant cannot produce up to date written permission from the landlord to occupy the site.

8. Restrictions on Street Trading

The grant of a street trading consent does not:

- Permit trading outside the terms of the Consent.
- Permit any trading within any 'prohibited street', see **Appendix D** for a full list.
- Indicate that planning permission is not required.
- Indicate that the unit is exempt from business rates.
- Override parking restrictions or any other traffic regulations.
- Imply approval from the highway authority or any other person or authority.
- Permit trading from sites/areas owned and operated by the Rhondda Cynon Taf Council without the benefit of a concession agreement.
- Permit the siting of A boards or other advertising materials without the express permission of the Council.
- Indicate that a food business does not require food registration.

8.2 Locations within close proximity to Markets within Pontypridd and Aberdare as set out in section 6 & 6.1 will require permission from the Market Chair prior to trading, even with a consent from the Licensing Authority. It is advised this be sought prior to application for consent.

9. Street Trading Methods

Applicants may wish to put forward various methods by which they intend to trade; this may include trading from a trailer, a motor vehicle, a bike, or a stall (this list is not exhaustive). Whichever means of trading an applicant wishes to use, the applicant will be expected to either, identify a "specific location" or request that the consent be "mobile trading".

9.1 Specific location(s)

If an applicant wishes to trade from a specific location(s), the Licensing Authority will impose a condition on any approved street trading consent, detailing the exact location(s) from which trading can take place. The consent will include a detailed plan of the trading location(s), permitted times and trading will only be permitted in accordance with it.

9.2 Mobile Trading

- a) Consent for mobile trading will normally only be granted on conditions that the mobile trader must not trade from a site for more than sixty (60) minutes (unless there is a queue of customers waiting to be served) and not return to the same site within 2 hours.
- b) Mobile units selling ice cream etc may sound chimes in accordance with Code of Practice on Noise from Ice Cream Van Chimes etc. 1982, but not before 12.00 noon and after 7.00pm, on any day and not when the vehicle is stationary.

- c) Mobile units such as ice cream vans, who travel from place to place continuously roaming streets, will only be expected to remain at that location for a short period time. This will be considered within the application.

10. Schools

The Licensing Authority acknowledges the efforts made by schools to promote healthy eating for their pupils and to discourage fast food vans/ delivery services to sell food to staff or pupils during the school day or immediately before or after the school day.

The Licensing Authority also recognises the high volumes of traffic and the potential highway safety issues at schools at the start and end of the school day. The Licensing Authority therefore will not allow mobile traders with a street trading consent to trade within 200 metres of a school during the school's normal operating hours, or at any other location where the intention is to target children attending or leaving school.

A condition reflecting this will be attached as standard to all such consents. Applicants who feel that they should be exempt from this condition can provide reasons during the application process. The Licensing Authority will consider the reasons provided as part of the overall application.

11. Permitted Trading Hours

The Council generally will normally only permit Street Trading between 08:00hrs and 22:00hrs on any day in predominantly residential areas, and between 06:00hrs and 23:00hrs in any other area. Street Trading outside these hours will take into account the objectives set out at paragraph 3 above. i.e., assessed in terms of the potential for public disorder and antisocial behaviour, impact on public safety, crime, avoidance of nuisance and local amenity.

If trading includes the supply of hot food or drink after 23:00hrs hours or before 05.00hrs a Licensing Act 2003 (late night refreshment) premises licence will also be required. Such licences are site specific and are not permitted for mobile trading (i.e., moving from place to place between these hours for the sale of hot food or drink).

The Council retains the right to specify permitted hours of trading that are less than those specified above.

12. Consultation on first application

Information on the submission of either grant or renewal application is attached as **Appendix B**.

Before a Street Trading Consent is granted the Council may consult with appropriate bodies which can include any other local authority department, organisation or body that may be relevant to the nature of the proposed street trading consent.

Applicants should note that the Planning Department may be notified of the application and that the applicant should make their own enquiries, independent of the street trading consent regime, in respect of any requirement for planning permission.

13. Applications

Officers will consider each application on its own merits and in accordance with the Councils policy. In reaching a conclusion the officer will have regard to the following:

- a) Public disorder and anti-social behaviour: The street trading activity should not present a risk to good public order or encourage antisocial behaviour in the locality in which it is situated. Particular consideration will be given to any observations received from South Wales Police and Community Safety.
- b) Prevention of nuisance: The street trading activity shall not present any likelihood of nuisance from noise, light, smells, litter or fumes to households and businesses in the vicinity of the proposed street trading site. Observations from Environmental Health officers will be taken into particular consideration.
- c) Public Safety: The location of the proposed street trading activity should not present a substantial risk to the public in terms of road safety, obstruction, and fire hazard. The term "public" refers to both customers frequenting the street trading activity, residents and other members of the public using the street. In respect of food traders, particular consideration will be given to any observations received from Environmental Health officers regarding food hygiene and the potential for harm.

A street trading consent shall not be granted to a person under the age of 17 years.

Applications that are not contested and are compliant with policy requirements will be approved within 28 days.

A consent will be issued with attached conditions, including specific terms such as the days and hours when street trading is permitted, and goods that may be sold.

The conditions attached to the Consent, form part of the approval to carry out street trading within Rhondda Cynon Taf County Borough and must always be complied with. Failure to do so could constitute an offence and the consent could be revoked or not renewed.

Persons who fail to comply with conditions as to the position and times from which street trading may be conducted or make a false statement shall be guilty of an offence and may be liable to prosecution.

Street Trading Consents will be issued for a maximum period of 12 months, or such lesser period as applied for, and will be renewable on the date specified in the Consent. Consents will expire, unless renewed, on the date specified in the Consent.

14. Renewal of Street Trading Consents

Applications for the renewal of street trading consents will be subject to a streamlined process provided that there are no material changes such as change of trading outlet, application to extend days or times permitted by the consent, or changes to the nature of goods to be sold. Consideration will also be given to any complaints received, and information that a location is no longer suitable for street trading.

In all cases when a Street Trading Consent has expired, and an application for renewal has not been submitted prior to expiration date, a new application will have to be made. In such cases the application will be required to go through the full consultation process outlined in this Policy.

15. Refusal of Applications and Revocations

Where the licensing department refuses an application or revokes consent the applicant/consent holder will be informed in writing of the reasons, allowing the applicant/consent holder an opportunity to make representations within 7 days of receiving the notice.

Whilst there is no right of appeal representations will be considered by the Licensing Committee.

16. Variation of Conditions Of Consent by the Authority

The Licensing Authority may at any time vary the conditions of a street trading consent by notifying the consent holder in writing of the variation giving the reasons. For example, consent may be varied to allow a holder to continue to operate from a slightly different location should there be a need to move due to interfere with a large pre-planned entertainment, building construction, major traffic works etc. This list is not exhaustive.

17. Application to Vary the Terms of a Consent

Applications submitted by consent holders to vary the terms of their consent so as to alter the hours of operation or removal of specific conditions will be considered by the licensing authority as per the initial application.

Applications to fundamentally change the type (ie changing from a food stall to household goods) / method (i.e permanent to mobile) / trading unit (where there was a marked increase in the size of unit) would be rejected. Such changes would require a new application.

The transfer of consents from one holder to another is not permitted.

18. Surrender of Consent

The consent holder may surrender the Street Trading Consent at any time by providing written confirmation and returning the consent and the approved authorisation to the Licensing Authority. Once received, the consent will cease to be valid.

19. Fees

The Council will review all fees on an annual basis, applicants are advised to check the Licensing website <https://www.rctcbc.gov.uk/EN/Business/LicencesandPermits/Streettradinglicences/Streettradinglicence.aspx> for accurate fees that would be payable. 2024/25 fees are noted in **Appendix A.**

Any fee must be paid in full at the start of the application, failure to do so will invalidate the application.

Where a consent is surrendered or revoked, the council shall refund, as they consider appropriate, the whole or a part of any fee paid for the grant or renewal of the consent.

20. Enforcement

Any person who contravenes a condition imposed under the Consent shall be guilty of an offence (Paragraph 7(9) Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982.

Consent Holders shall allow access to Authorised Officers of the Council and Police Officers at all reasonable times.

Rhondda Cynon Taf County Borough Council will actively enforce the provisions of the Street Trading Scheme within its area in a fair and consistent manner. In doing so all enforcement activities will comply with the corporate enforcement policy.

APPLICATION TYPE & FEES 2024/2025

Application Type	Duration	Fee
Grant	12 Months	£1105
Grant	6 Months	£644
Grant	3 Months	£371
Grant	Up to 2 weeks	£120
Renewal	12 Months	£920
Renewal	6 Months	£552
Renewal	3 Months	£324
Variation	Any of above	£100
Change of details	Any of above	£10.50

Application Process

Applicants must be aware that a street trading consent would be granted where the application is uncontested and complies with this policy, however, the issue of a consent does not obviate the requirement to obtain any other requirement such as planning permission, registration as a food business or a premises licence under the Licensing Act 2003 for the provision of hot food between 11.00 pm and 5.00 am the following morning. Failure to obtain all necessary permissions may render them liable to enforcement action.

Note - Applications from persons under 17 years of age will not be considered.

Applicants must submit the following to the Council:

1. A fully completed and signed Council's Street Trading Consent application form.
2. One passport type photograph.
3. A form of photographic identification such as passport or DVLA photo driving licence which is to be presented in person to the Licensing team at Ty Elai Office, Dinas Isaf East, Williamstown, Tonypany, CF40 1NY.
4. Where the proposed street trading activity is a specific static location, a scaled site plan showing the precise trading position, indicate roads, footpaths, pedestrian areas, landmarks, offices, retail outlets and public buildings within a 50-metre radius. This requirement shall not apply to mobile trader applications.
5. One colour photograph of the stall/ van / barrow/ cart, / etc that will be used for the street trading activity, including details of its dimensions. Further details that may be required are:-
 - The registration mark of the vehicle
 - Make and model of trading unit
 - Power sources i.e. generator, LPG gas, vehicle battery, etc.
 - Written permission from a landowner if the street trading activity is to be carried out on land in private ownership.
 - Any other permission, registration, licence, or consent already granted with regard to the proposed operation, e.g., planning consent, food premises registration, late night refreshment premises licence, waste disposal agreement, etc.
 - Applications for initial consent or renewal of consent in respect of food traders will require a minimum food hygiene rating score of 3 (broadly compliant).
 - Applications for the grant of an initial consent in respect of mobile food traders who have been registered with another local authority and have been operating outside of this area will be required to supply proof of their food hygiene rating.
 - Consideration of initial street trading consents will not be effective until such time as the appropriate consent fee has been paid.
 - An original certificate of insurance that covers the street trading activity for third party and public liability risks up to a maximum of £5,000,000 will be required prior to consent being issued.

An application for Street Trading Consent is not one that can be given tacit approval, as it is in the public interest that this authority must process an application before it can be granted. It is anticipated that applications should be resolved within 28 days if there are no unforeseen circumstances. Incomplete applications will not normally be accepted.

Any proposed change to the type of vehicle or stall to be used, the goods to be sold, the times and days of operation, or the exact location of the trading site, requires an application for variation of the street consent.

Assistants

The holder of a street trading consent may employ any other person to assist them without requiring a further consent. As an employer the consent holder should be satisfied that the assistant would not give any concerns in respect of the promotion of the objectives set out at point 13 above and that they have a right to work in the UK.

STREET TRADING CONSENT CONDITIONS

These conditions may be subject to change at the discretion of the Licensing Authority.

GENERAL CONDITIONS

The Consent Holder and any employee shall:

- Display such Consent authorisation as provided by the Council on / in the unit/vehicle in such a position that it is clearly visible to customers.
- Immediately notify the Council in writing of any changes to contact details including email, telephone and address.
- Observe and comply with any directions in relation to the use of the street or public place by an authorised officer of the Council.
- Indemnify the Rhondda Cynon Taf County Borough Council in respect of all claims, actions, demands or costs arising from this Consent, as nothing contained in these conditions shall relieve the Consent Holder or his employees or agents from any legal duty or liability.
- At all times maintain a valid Third-Party Public Liability Insurance Policy to the satisfaction of the Licensing Authority and produce a valid certificate of such insurance at any time upon request by an authorised officer of the Council.
- Maintain a Food Hygiene Rating score minimum of 3 (broadly compliant) in relation to food businesses.
- On request of an authorised officer of the Council or Police provide written proof that permission of the landowner or lessee has been obtained to carry out the street trading activity.
- On request of an authorised officer of the Council or the Police provide written proof of any permissions or consents required for the street trading activity e.g. planning consent, late night refreshment premises licence, waste disposal agreement etc.
- The Consent Holder shall not assign, underlet, or part with his interest or possession under this Consent or any part thereof, but may surrender it to the Council at any time.
- Conditions attached to consent may be varied by the Council at any time, the consent holder will be advised in writing of any such variation.
- The Council may temporarily suspend any consent where the trading location conflicts with any major event, road works, construction/demolition, or serious concern is expressed by the appropriate body regarding the safe operation of the unit or standard of food hygiene. Notification of temporary suspension will be provided in writing.
-

SPECIFIC SITE CONDITIONS

The Consent Holder when operating from a fixed location shall:

Ensure that any advertising boards or notices are only placed in the immediate area of the street trading site and do not interfere with sight lines or obstruct vehicular access or egress.

- Keep the trading position and the immediate adjacent area in a clean and tidy condition during the permitted hours and also leave that area in a clean and tidy condition and unobstructed at the end of each daily period of use under the terms of this Consent.
- Provide and maintain (at consent holder's expense) adequate refuse receptacles for litter and ensure that they do not become overfilled.

- Remove litter and trade waste arising from the street trading activities from the site and its vicinity on a daily basis.
- Make such provision as necessary to prevent the deposit in any street or public place of solid or liquid refuse.
- Unless specific written permission has been given by the landowner / landlord the trading unit or associated vehicle or other equipment shall be removed from site at the cessation of trading each day.
- The Consent Holder when operating from a fixed location shall not:
 - Discharge any water or effluent from the street trading activity to street surface drainage or other watercourse.
 - Place any advertising boards or notices on any street lighting column or fixed street furniture.
 - Make any excavations or alterations, place or fix equipment of any description to the surface of the street, or land in the ownership of the Council adjoining a street.
 - Place on the street or in a public place, any furniture or equipment other than specifically permitted by the Consent. Permitted items must be maintained in a clean and tidy condition and not placed so as to obstruct the public, entrance or exit from any premises.
 - Permit noise from equipment used in connection with consented street trading activity to be audible inside any nearby residences.
 - Cause nuisance from noise, light, smells or fumes to householders and businesses in the vicinity of the site.
 - Operate before dawn or after dusk unless the site is adequately lit to allow safe access and egress of customers and staff.
 - Carry out street trading activities other than those permitted by the Consent.
 - Trade outside the time and days permitted by the Consent.
 - Trade in such a way that is likely to cause:
 - (i) undue obstruction to any part of any street or public place;
 - (ii) any injury to any person using the street or public place;
 - (iii) damage to any property in the street or public place, or
 - (iv) a nuisance or annoyance to persons using the street or public place, or occupiers of premises in the vicinity.
- Permit any person to operate within the terms of the Consent, unless in the employment of the consent holder and acting under their instruction or supervision.

MOBILE TRADING CONDITIONS

- Consent is granted on the basis that a mobile trader must not trade continuously from the same site.
- Mobile units selling ice cream etc may sound chimes in accordance with Code of Practice on Noise from Ice Cream Van Chimes etc. 1982, but not before 12.00 noon and after 7.00pm, on any day and not when the vehicle is stationary.
- Mobile units shall not:
 - Stop in any location so as to cause an obstruction to:
 - (i) the highway
 - (ii) any residential property
 - (iii) any pedestrian access
 - (iv) any emergency access or egress
- Trade within 200 metres of the boundary of any education establishment.

- Cause nuisance from noise, light, smells, litter or fumes to households and businesses whilst stationary.
- Provide music or any other broadcasts whilst stationary.
- Discharge any water or effluent from the street trading activity to street surface drainage or other watercourse.
- Place any advertising boards or notices on any street lighting column.

LEGAL PROVISIONS

Nothing contained in these conditions shall relieve or excuse the Consent Holder or their employees or agents from any legal duty or liability and at all times the Consent Holder shall comply with the relevant legislation in force.
