Dear Licensee,

Local Government (Miscellaneous Provisions Act) 1976
Revision of Hackney Carriage Tariff

Please note that the new Hackney Carriage Tariff comes into effect at 00.01hrs on 31st August 2022. A copy of the new fare table is available at the bottom of the page for information.

It is expected that all Hackney Carriage Vehicles have the meters re-programmed within 3 months. Failure to do so may result in enforcement action.

In order for licensees to implement the new fare table as quickly as possible, the following actions are required:-

1. Vehicle Licensees must arrange to have their Taxi Meter re-programmed with the new fare table. (It is the responsibility of the vehicle licensee to arrange the update and it will incur a fee, payable to the relevant company).
2. Licensees are required to attend Ty Elai offices for an officer to view the calibration certificate and check the meter is correctly programmed.
3. Officers will be available at the office from 09.00hrs until 16.30hrs from Wednesday 31st August until Friday 9th September (excluding Sat/Sun).

After the above date officers will be in attendance at the office from 09.30hrs until 12.30hrs during the week commencing 12th September and week commencing 19th September.

Following this date appointments will be necessary to ensure an officer is available to deal.

4. The calibration certificate provided by the company who undertake the update will be required by Taxi Licensing Officers. This will be recorded to confirm the date the meter is updated.
5. Licensees who fail to update their meters within 3 months will be dealt with by usual enforcement practices, but this is likely to be unnecessary.
