MUNICIPAL YEAR 2016-2017**

**PUBLIC SERVICE DELIVERY,  
COMMUNITIES & PROSPERITY  
SCRUTINY COMMITTEE –  
12<sup>th</sup> DECEMBER 2016**

**REPORT OF THE DIRECTOR OF  
LEGAL & DEMOCRATIC SERVICES**

**Agenda Item No. 5**

**REPORT OF THE PUBLIC SERVICE  
DELIVERY, COMMUNITIES &  
PROSPERITY SCRUTINY COMMITTEE-  
RHONDDA CYNON TAF'S MOBILE  
LIBRARYSERVICE REVIEW**

**Author: J L Nicholls – Senior Democratic Services Officer  
Tel No: 01443 424098**

**1. PURPOSE OF THE REPORT**

- 1.1 The purpose of this report is to provide Members of the Public Service Delivery, Communities & Prosperity Scrutiny Committee with the opportunity to consider and comment on the findings and recommendations agreed following the whole committee scrutiny review into Rhondda Cynon Taf's Mobile Library Review.

**2. RECOMMENDATIONS**

It is recommended that Members:-

- 2.1 Form a view on the findings and recommendations set out in the report attached at Appendix 1; and subject to agreement
- 2.2 Request that the Executive acts upon the following five recommendations formulated by the Public Service Delivery, Communities & Prosperity Scrutiny Committee as follows:
1. Further promotion of the mobile library service through existing partnerships such as Communities First, Housing Associations and local Elected Members;
  2. To further promote the online facilities available to customers so that they can order books and/or CD's ready for collection from the mobile library;
  3. To retain the length of stops (as to alter them would have an impact on the number of stops which would have a potential adverse affect on more customers);
  4. That posters are displayed on the door of each mobile library vehicle to inform customers that all mobile libraries have disabled access;

5. That provision is made available on the mobile library, in the form of a checklist, for customers to be able to pre order books/CD's in advance of their next visit

### **3. BACKGROUND**

- 3.1 The Public Service Delivery, Communities and Prosperity Scrutiny Committee identified the issue of the Council's Mobile library Service as an area for review during the Municipal Year 2015/2016. Members wanted to ensure that, following the service change in 2014 the mobile library service was still an integral and important part of Rhondda Cynon Taf's Library Service.
- 3.2 Furthermore, at its meeting on the 7<sup>th</sup> October 2015, the Finance & Performance Scrutiny Committee requested that the review should be widened to include the 'financial dimension' of the service change of the service change i.e. *'to establish whether or not the savings identified as part of the service change implemented from June 2014 have been realised'*.
- 3.3 Attached at Appendix A is the report which outlines the work undertaken by the Public Service Delivery, Communities & Prosperity Scrutiny Committee in respect of the Council's Mobile Library Service and the recommendations formulated for consideration by Cabinet.

## **RHONDDA CYNON TAF COUNTY BOROUGH COUNCIL**

### **MUNICIPAL YEAR 2016-2017**

#### **MOBILE LIBRARY REVIEW**

## **1. BACKGROUND**

- 1.1 In line with its work programme, the Public Service Delivery, Communities & Prosperity Scrutiny Committee identified the issue of the Council's Mobile Library Service as an area for review at the commencement of the Municipal Year 2015/2016. In particular Members were concerned that following the service change in 2014 there would remain a comprehensible service for the citizens of Rhondda Cynon Taf.
- 1.2 Furthermore, at its meeting on the 7<sup>th</sup> October 2015, the Finance & Performance Scrutiny Committee requested that the review should be widened to include the 'financial dimension' of the service change to the mobile library service i.e. *'to establish whether or not the savings identified as part of the service change implemented from June 2014 have been realised'*
- 1.3 On the 15<sup>th</sup> February 2016 Members of the Public Service Delivery, Communities & Prosperity Scrutiny Committee considered and resolved to accept its Terms of Reference in respect of the Mobile Library Review as follows:-

#### **Terms of Reference:-**

*'To review the take up of the mobile Library Service to better understand usage and barriers to usage following the service change in 2014'*

#### **Scope:**

- To review the impact the service change has had on usage
- Understand the target groups that are currently served by mobile libraries
- Identify any barriers to usage
- Assess how well the current provision meets the needs of the residents of RCT
- Consider whether the service is accessible to all and supports the most vulnerable
- Consider how the service is currently promoted
- Assess whether the financial savings required from the 2014 service change have been delivered
- From the information gathered formulate recommendations for improvement and/or modifications to the service

**Methodology:**

- Receive reports/presentations from Council officers in respect of the current provision since the service change in 2014
- Feedback from service users to obtain their views
- To understand how the local position compares with the regional and national picture
- Data collection to measure current performance

**2. THE MOBILE LIBRARY SERVICE**

- 2.1 At the time of the commencement of the review (and prior to the proposed service changes 2015/2016) the Council's mobile library service consisted of 4 vehicles, 3 full-time staff and 3 part-time staff which delivered books and information to the citizens of Rhondda Cynon Taf on a two weekly rota (the only local authority to do so). All four mobile libraries undertook visits to locations between 9.00am and 4.30pm for fifteen minute stops. It was confirmed that the longer 2 hour stops were restricted to the evenings alone and covered by two mobile libraries; one to cover the south of the county, the other to cover the north of the county. The service is in operation until 7.30pm and this service has been implemented in order to mitigate the impact of the static library closures in June 2014.
- 2.2 Throughout the review Committee found that although, by definition, a twice weekly mobile library service cannot replicate the full service available from a static library, the service is highly valued by many of its users, in particular, the older residents who may not have access to transport. Committee agreed that a mobile library provides valued access to books, support for reading and literacy and in a limited way, offers a space for interaction and support.
- 2.3 Particularly in the more remote parts of the county, the mobile library visit provides a focal point for the community whereby residents are able to order the books they wish to be delivered by the mobile service either through email or by telephone so that their choice is not limited to the books available on the vehicle. It takes a council service and presence to locations that do not have easy access to static service points and in some places acts as a social focus where people can meet and in doing so contributes to social cohesion.
- 2.4 Another valuable service recognised by Members of the Committee is the Housebound Service which operates for residents who are unable to leave their homes due to serious health and disability issues. At the time of this review 229 residents receive this service across the County Borough and for whom it acts as a point of contact. Members learned that the Housebound Service has not been affected by the changes made to the Library Service in 2014. They also learned that those applying for the service need to undertake an assessment of the individual's eligibility by staff from the Housebound Service, who will visit the applicant's home. If they qualify for this service then arrangements are made for the resident to receive visits from the Housebound Librarian once a month. Committee agreed that for many housebound older people, reading or listening to a recording is an important stimulating pastime

and the service is highly regarded by those who use it as a valuable source of social contact.

- 2.5 A further service offered by Rhondda Cynon Taf's Mobile Library Service is the deposit Collection Service which provides books with a 3 monthly refresh for 27 locations. These locations include residential homes, sheltered accommodation complexes and any other publicly accessible facility that indicates they would like to make books available to others.
- 2.6 After consideration of the full complement of services available to residents of Rhondda Cynon Taf, Committee agreed that although it is impossible for the mobile library to provide the resources a main library does, it is a valuable lifeline to the elderly and those in more remote areas of the County Borough.

#### Internet Facility

- 2.7 According to the Welsh Public Library Standards, mobile libraries should have wi-fi and access to computers or other electronic devices. However, there are challenges in achieving this, in particular the lack of ability to be able to pick up wi-fi in parts of the county. The Council's ICT service has assessed the situation and advised that there is no reliable means of ensuring consistent access to the internet on the vehicles.
- 2.8 The limited time available on most stops also predisposes against investment in this equipment. Consequently, there are no current plans to install electronic devices onto the mobile libraries. It is recognised that this will affect the Library Service's ability to meet one of the Welsh Public Library Standards (WPLSQI 10).
- 2.9 Members of the Public Service Delivery, Communities & Prosperity Scrutiny Committee agreed that mobile libraries serve people best for borrowing books, including talking books and large print books.

### **3. PROPOSED SERVICE CHANGES 2015-2016**

- 3.1 As part of the Council's Medium Term Financial Planning the Cabinet consulted on a number of service change proposals, to assist the Council to deliver a balanced budget for 2016/17. One aspect of the service change proposals related to Library Services with consultation undertaken from the 23rd November 2015 to the 18th January 2016. The proposals were:-
- Reduction in number of Reference & Information Service Librarians
  - Reduce overall weekly opening hours of branch libraries to 31.5 hours per library
  - Single staffed branch libraries at 5 branches (Hirwaun, Ferndale, Pontyclun, Mountain Ash, Rhydyfelin)
  - Reduce the book fund by 25%
  - Reduce the mobile libraries from 4 to 3 retaining a 2 weekly rota

- Remove Community learning worker post (part time)
- Reduce expenditure on magazines and newspapers purchased

3.2 Members of the Public Service Delivery, Communities and Prosperity Scrutiny Committee themselves felt that they had a responsibility to respond to the service change consultation process. They resolved that a letter should be sent to Cabinet to express its concerns at the reduction in the book acquisition budget and that some of the Council's Branch Libraries could become single staffed libraries under the proposed changes. Committee also wished to request that should funding become available (in light of an improved Welsh Government provisional settlement) that Cabinet consider the Council Library Services budget sympathetically.

3.3 In response to their letter the then Cabinet Member for Safer Communities, Libraries & Heritage acknowledged the Committee's concerns as follows:-  
*'After careful consideration it was decided not to approve the proposal to introduce single staffed libraries at 5 branches. We also listened to the request from the Public Service Delivery, Communities and Prosperity Committee to look again at the proposed reduction of 25% in the Book Fund now that a better than anticipated settlement has been received from Welsh Government, and consequently the reduction in the Book Fund will be 15%. In respect of the reduction in expenditure on magazines and newspapers purchased, as a library service we will be undertaking a survey within each of the libraries to establish which magazines and newspapers are most popular to ensure that the most popular items are retained for each individual library.'*

3.2 Cabinet met on the 4th February, 2016 and as part of the decision-making process it considered the consultation feedback from the public, from Members and from the Public Service Delivery, Communities and Prosperity Committee. With specific regard to the Mobile Service (within the overall service change proposal) it was agreed by Cabinet to *'reduce the mobile libraries from 4 to 3, retaining a 2 weekly rota.'*

3.3 Committee learned that on the basis of the usage data it was considered that the reduction from 4 to 3 mobile library vehicles would have little (if any) impact on residents who currently utilise the service as crucially the two weekly rotas would be maintained. It was also reported that feedback from the public consultation events held indicated that that the reduction in the number of mobile libraries was preferable to some of the other options for change.

3.4 As part of the Service Change Consultation Report prepared by the Council's Consultation Team which was reported to Cabinet on the 4<sup>th</sup> February 2016, 1,632 written views were provided by residents and the following data was presented:-

- 62.1% were in favour of reducing the number of mobile libraries from 4 to 3;
- 29.4% of residents rejected the proposal;
- 8.5% indicated that they had no opinion for or against the proposal

- 3.5 Members learned that all mobile libraries held copies of the consultation documents and feedback questionnaires to ensure that users of the service had opportunity to engage with the process.
- 3.6 In view of the effective consultation process which included participation from the residents of Rhondda Cynon Taf as well as engagement from some community groups it became evident that the reduction in the number of mobile libraries from 4 to 3 had been the favoured option by the users themselves compared with some of the alternative options.
- 3.7 However, despite the results of the consultation process Committee was keen to analyse the usage and visitor numbers and consider the customer feedback in order to gain an overall understanding of the impact of the service change on the mobile library service. They felt it was important to assess how the provision meets the needs of its residents particularly following the service changes.

#### 4. **ANALYSIS OF USAGE**

- 4.1 Whilst the Working Group had received information about the mobile library service within Rhondda Cynon Taf they were keen to consider the analysis of usage to properly assess the trends amongst the residents of Rhondda Cynon Taf and to understand whether the service is meeting the current needs of its service users. At the time of their review into the analysis of usage, the mobile library service had increased the number of stops facilitated by its four vehicles.
- 4.2 As there is no provision for a people counter facility on the mobile library vehicles, (unlike the arrangements within the static libraries which all have people counters located at the entrances of each facility in order to capture visitor numbers) the mobile library visits are estimations of visits through the sampling of specific weeks.
- 4.3 Committee was provided with a comparison of visitor numbers to the mobiles over the 2013-15 periods (below). When analysing the information Members were mindful that an additional mobile service was available from June 2014 onwards and at the same time 13 static libraries were closed.

Table 1 – Visitor numbers to mobile vehicles

<b>Quarter</b>	<b>2013/14</b>	<b>2014/15</b>	<b>2015/16</b>
Quarter 1	3,972	5,280	5,730
Quarter 2	4,602	5,994	5,244
Quarter 3	4,068	5,178	4,650
Quarter 4	3,882	5,118	N/A
<b>Total annual visits</b>	<b>16,524</b>	<b>21,570</b>	<b>N/A</b>

- 4.4 The table demonstrates the increase in visitor numbers to mobile vehicles in 2014 when the additional stops were added. However, the figures reinforced the suggestion that, as with the service change consultation results, some of

the usage figures for the mobile libraries over an extended period of time show that the reduction in the number of mobile libraries from 4 to 3 could be made to the service without having a major impact on those residents who benefit most from it.

- 4.5 Whilst considering the information Committee also reviewed the number of book issues on mobiles which are recorded on a monthly basis with book issues indicated against each route. As mentioned earlier the mobile library service had four vehicles at the time when Committee considered the data and therefore it was measured against the four vehicles as follows:-

W1 – Rhondda

W2 – Taff

E1 – Cynon

E2 – Cynon & Rhondda

- 4.6 Issues had also been recorded against the evening and Saturday service so that the service could continue to monitor the most popular or least cost effective routes and times.
- 4.7 The results of the book issues can be seen attached at **Appendix 1** and at that time highlighted to Committee that the evening and weekend services perform consistently less well than the more popular daytime services. The average monthly book issues for the period July 2014 – April 2015 and July 2013 – April 2014 are set out below. It should be noted that in the year 2013/2014 there was no evening or Saturday service:-

#### **July 2014 – April 2015**

- Taff area mobile 1,000
- Rhondda area mobile 1,530
- Cynon/Rhondda mobile 795
- Cynon mobile 1,915
- Saturday Service 123
- Evening Service 238

#### **July 2013-April 2014 (No Saturday or evening service)**

- Taff area mobile 887
- Rhondda area mobile 1,386
- Cynon/Rhondda 1,290
- Cynon 1,467

- 4.7 Members were also informed that following more detailed analysis of key areas in the County Borough it appeared that there had been no usage of the evening service at all. This was true in Rhydyfelin, for example, where, despite efforts to vary the stopping points in an attempt to attract customers, the evening service had been unused.

- 4.8 Members learned that no other library authority in Wales offers a 2 weekly service, seven local authority areas offer a 3 weekly service, four offer a monthly service and a further eight do not offer a mobile service at all (information from [www.welshlibraries.org](http://www.welshlibraries.org))
- 4.9 From the analysis Committee understood that although the mobile library service is valued by the residents of Rhondda Cynon Taf, it ascertained that the overall level of use of the service is not high and suggested that the mobile libraries are used to capacity by further promoting the service.

## 5. **FINANCIAL PERFORMANCE**

- 5.1 As requested by the Finance & Performance Scrutiny Committee, Members of the Public Service Delivery, Communities & Prosperity Scrutiny Committee considered the financial dimension of the service change to the mobile library service in particular *'to establish whether or not the savings identifies as part of the service change implemented from June 2014 have been realised'*
- 5.2 Committee received data on the financial performance of the Library Service between the period 2014/15 and 2015/16 and were informed that the agreed service change implemented in June 2014 did not comprise of budget savings in respect of the mobile library service.

### **Financial Performance of the Library Service 2014/15 and 2015/16**

Financial Year	Total Revenue Budget (£k)	Final Outturn/Projected Outturn (£k)	Over/Under Spend (£k)	Further information
2014/15 final outturn	2,570	2,571	1	As reported to Cabinet 23 <sup>rd</sup> July 2015
2015/16 projected outturn (as at 30 <sup>th</sup> September 2015)	2,301	2,301	0	As reported to Cabinet 24 <sup>th</sup> November 2015

## 6. **MOBILE LIBRARY STOPS, ROUTES & TIMETABLE**

- 6.1 At the time Committee considered the mobile library stops the number had reduced from 490 to 413 across the County Borough which reflected the reduction from 4 to 3 mobile libraries as part of the service changes. Members learned that the routes are determined based on distance from branch libraries, customer demand and continued levels of use and assessed on a regular basis to identify 'dead' stops (where there are no visitors over a period of time).

- 6.2 It became clear that some streets are inaccessible due to the location of traffic calming measures (specifically speed bumps) which can cause damage to the mobile library vehicles so automatically eliminated them from being included as part of the mobile library routes. Another consideration is the narrowness of the streets in some areas along with dual-side on-street parking which makes it difficult for the mobile libraries to negotiate the routes.
- 6.3 At its meeting on the 15<sup>th</sup> February 2016 Members of the Public Service Delivery, Communities & Prosperity Scrutiny Committee resolved to review the current mobile library routes. Each Member received a copy of the current mobile library routes as well as the mobile library timetable and they were given the opportunity to provide comments relating to their respective wards.
- 6.4 As part of the proposed planning process for the consideration and implementation of the new mobile library routes across the County Borough, Committee agreed the following itinerary:-
- Baseline data for Scrutiny – March 2016
  - Development of draft mobile routes – March-April 2016
  - Distribution of draft routes to all Elected Members – May 2016
  - Amendments to the draft routes – May 2016
  - Implementation of the new routes – June 2016
- 6.5 Members of the Scrutiny Committee welcomed the opportunity to review the mobile library service routes to ensure that the Council is delivering an equitable service that meets the needs of the residents of RCT. During May 2016 Committee Members provided feedback in respect of the suggested routes within their respective wards.
- 6.6 It should be noted that in addition to the input of all the Elected Members within Rhondda Cynon Taf and Members of the Public Service Delivery, Communities & Prosperity Scrutiny Committee, members of the public were also advised of any changes to the routes. Those streets which included any changes to their routes were leafleted and all changes highlighted on the Council website. Regular users of the service were also informed of any changes that affected them (for example, parking the vehicle in the next street as opposed to on their doorstep).
- 6.7 The implementation of the new routes took place in June 2016. It was considered prudent to retain the length of the stops (as to alter them would have an impact on the number of stops which would have a potential adverse affect on more customers). A copy of the agreed mobile routes and timetable is attached at Appendix 2.
- 6.8 Members of the Public Service Delivery, Communities & Prosperity Scrutiny Committee agreed that this exercise had been an example of how scrutiny can inform the delivery of service.

## **7. CUSTOMER SATISFACTION SURVEY AND ITS RESULTS**

- 7.1 Rhondda Cynon Taf's Library Service is required to conduct a survey of customers every three years as part of the Welsh Public Library Standards. Following the changes introduced to the library service since June 2014 and widespread public consultation, the decision was taken to postpone the customer satisfaction survey (with Welsh Government approval) to May 2016, to better assess the impact of the changes upon service users.
- 7.2 At its meeting on the 15<sup>th</sup> February 2016, Members agreed that the views of the mobile library customers would also be gathered so that Committee could assess whether the Council's mobile service was meeting the needs of its customers in light of the changes to the mobile library provision, i.e. the reduction from 4 to 3 mobile vehicles and a reduction in the number of mobile stops from 490 to 413. The customer satisfaction survey of mobile library customers was conducted between 4<sup>th</sup> July and 30<sup>th</sup> July 2016.
- 7.3 The Head of Community Learning outlined some of the key points to have arisen from the surveys completed by 180 customers and reported that overall satisfaction rates with the service are very good and staff who deliver the service were highly praised. This was emphasised by the customer comments which referred to the 'excellent' service provided by the mobile librarians.
- 7.4 Committee was informed that some customers indicated that areas of concern included the length of stop, rated as poor by 2% of customers and the choice of books rating as poor by 1% of respondents. However, as pointed out, this needs to be balanced by the 87% of respondents who considered the choice of books was very good or good and 90% who were happy with the length of stop..
- 7.5 Committee discussed the key messages to have arisen from the customer satisfaction survey as being the need for further promotion of the mobile library service and more specifically the online facilities available to customers so that they can order books and/or CD's ready for collection from the mobile library. They concluded that it would be preferable to retain the length of stops as to alter them would have an impact on the number of stops which would have a potential adverse affect on more customers, and finally that posters are displayed on the door of each mobile library vehicle to inform customers that all mobile libraries have disabled access.
- 7.6 Committee praised the mobile library service for the positive response arising from the library satisfaction survey 2016 and agreed that as Elected Members they have a role to play in further promoting the service amongst its residents, particularly its elderly residents. Committee was in agreement with the proposed actions for improvement subject to including that provision is made available on the mobile library, in the form of a checklist, for customers to be able to pre order books and/or CD's in advance of their next visit.

## **8. CONCLUSIONS AND RECOMMENDATIONS**

- 8.1 The past two years has seen major changes to the Library Service within Rhondda Cynon Taf, including the mobile library service. Committee was therefore pleased to note the overall customer satisfaction with the mobile library service is very high and with no major issues of concern to have been raised by customers who use the service. It is evident that customers value the quality of service and customer care provided by the library staff. Committee wished to commend the staff for their commitment to delivering the best possible service to residents.
- 8.2 Committee acknowledged that the customer feedback results will inform the current mobile library service provision and help shape a future service that is valued by the residents of Rhondda Cynon Taf and responds to their needs.
- 8.3 At their meeting in September 2016 Committee endorsed the findings of the customer feedback in respect of Rhondda Cynon Taf's Mobile Library Service and proposed the following five recommendations for improvement for Cabinet to consider:-
1. Further promotion of the mobile library service through existing partnerships such as Communities First, Housing Associations and local Elected Members;
  2. To further promote the online facilities available to customers so that they can order books and/or CD's ready for collection from the mobile library;
  3. To retain the length of stops (as to alter them would have an impact on the number of stops which would have a potential adverse affect on more customers);
  4. That posters are displayed on the door of each mobile library vehicle to inform customers that all mobile libraries have disabled access;
  5. That provision is made available on the mobile library, in the form of a checklist, for customers to be able to pre order books/CD's in advance of their next visit
